https://www.linkedin.com/in/vijit-kumar-620101192/

I am a hardworking and motivated individual who is not afraid to take on new challenges. I never give up until I get it right, and I am quick to adapt.

EXPERIENCE

INeuron, Bangalore— *Machine Learning Intern*

September 2022 - October 2022

Mushroom Classification
(https://github.com/vijit200/MushroomPrediction)

This dataset contains supervised machine learning problems.
8000 records with 23 categorical columns (capshape, capcolor, veil type, etc.) are used. We use **K Means** to cluster the data, and for each cluster we find the best model.

INeuron , Bangalore— *Data Analyst Intern*

October 2022 - November 2022

AmazonFood Sales

https://github.com/vijit200/amazonfood-sales

We analyze the company's sales and profit trends on a yearly and monthly basis and assist the company in increasing their profit.

INeuron, Bangalore— *Computer Vision Intern*

November 2022 - December 2022

Mask Detection
(https://github.com/vijit200/Mask_Detection_CNN)

As masks have become a part of life in recent years, this detector could potentially be used to help ensure your and others' safety.

EDUCATION

INeuron,Bangalore-Full Stack DataScience   2021 - 2022

Lucknow University, Lucknow— *B.Sc(Mathematics)* 2018 - 2021

Bal Vidya Mandir, Lucknow — HSC(Science) 2016 -2018

Christ Church College, Lucknow - SSC   2015 - 2016

SKILLS

Python	Pandas
Numpy	MySql
Statistic	Excel
Power Bi	Tableau

Machine Learning

Deep Learning

Computer Vision

NLP	MongoDB

Communication Skill

AWARDS

HackerRank – MySql(5 Star)

LANGUAGES

English, Hindi
